DETAILED ACTION

Response to Amendment

1. This office action is in response to the amendment filed 08/04/2008.

Allowable Subject Matter

2. Claims 1-18, 20-21, 23-36 and 39-78 are allowed.
3. The following is an examiner's statement of reasons for allowance. Independent claim 1 identifies the uniquely distinct feature: "encrypting the second decryption information with the encryption information corresponding to the first decryption information". Lee (4,484,027) does not disclose encrypting the second decryption information with the encryption information corresponding to the first decryption information. Although distributing a new key encrypted using an old key is well known in the art, a modification to Lee to include such feature would render Lee's method and system unsatisfactory for its intended purpose "a legitimate subscriber must be capable of obtaining synchronization within a short period of time ... so that synchronization can be acquired rapidly in case of loss of sync due to power outages, rainstorms, changing of channels, etc." (col. 4, lines 41-56). Independent method claims 21, 25, 39 and 40 recite a similar feature and are allowable for the same reasons. Independent claims 42, 61, 64, 76 and 77 are directed to a service provider and a client configured to perform the corresponding methods of claims 1, 21, 25, 39 and 40. Since the cited art does not show a service provider and a client configured to perform the steps as claimed, the service provider and client so configured are structurally distinct from the cited art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MINH DINH whose telephone number is (571)272-3802. The examiner can normally be reached on Mon-Fri: 10:00am-6:30pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gilberto Barron can be reached on 571-272-3799. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
